

SARA FARHAT

Product Manager | Healthcare Technology | Interoperability | AI-Powered Clinical Applications

Los Angeles, CA | 562-413-0495 | Farhatsara201@gmail.com | sara-farhat-pm.vercel.app | linkedin.com/in/sara-farhat-ms-hca

PROFILE

Healthcare Product Manager with 6+ years across product management, clinical practice, healthcare operations, and health data analytics. Specialize in 0-to-1 healthcare products, interoperability, intelligent document processing, and AI-powered clinical applications, with experience owning products from market assessment and roadmap strategy through PRDs, MVP scoping, technical requirements, usability testing, GTM readiness, and launch. Former clinical dietitian and acute care transition/prior authorization specialist with firsthand understanding of clinical workflows, payer friction, discharge processes, and patient access.

PROFESSIONAL EXPERIENCE

Product Manager - Apps & Interoperability

Concord Technologies | B2B Healthcare SaaS

5B pages of PHI/year | Serves 3 of the 5 largest U.S. payers | June 2023 - Current

- **Owned the end-to-end roadmap for Direct Secure Messaging (DSM)**, from market need assessment and competitive analysis through initiative framing, PRDs, prioritization, MVP scoping, technical requirements, beta, and public launch at HIMSS 2026.
- **Shipped DSM from zero to private beta and public launch**, leading 8 engineers through product definition, architectural planning, implementation, and alpha testing to introduce C-CDA-based secure clinical document exchange within Concord Connect.
- **Defined the Phase 1 MVP by narrowing scope from bidirectional to inbound messaging** and partnered with engineering to evolve Concord Connect architecture for structured C-CDA ingestion alongside existing PDF and image workflows.
- **Secured six-figure board-level investment** by developing and presenting the DSM business case directly to the CEO, President, and executive leadership team, positioning interoperability as foundational infrastructure for Concord's expansion into intelligent document processing.
- **Selected Kno2 as Concord's strategic HISP partner from 4 vendors** after leading technical and commercial evaluation across sandbox testing, engineering spikes, NDAs, BAAs, contract redlines, and Pugh-matrix analysis; designed a vendor-agnostic approach to reduce future lock-in.
- **Translated customer research into workflow improvements** across grid view, auto-merge, advanced search, and document processing, improving task-completion time by 55%, increasing document-processing throughput by 30%, and reducing user errors and rework by 26% across a platform used by 1,000+ users at 40+ healthcare sites.
- **Built product prioritization and GTM infrastructure from the ground up**, clearing 100+ untriaged feature requests through a customized RICE framework and developing Concord's first healthcare segmentation strategy across 7+ care settings; enabled commercial readiness through training for 80+ stakeholders and outreach targeting conversion of 15-20% of existing Cloud Fax accounts.

Data & Product Analyst

CareJourney | Healthcare Analytics

2M+ providers | 300M beneficiaries | 10+ years longitudinal Medicare & Medicaid claims | January 2022 - March 2023

- **Drove 20% referral-network growth and 17% cost-index improvement** by partnering with UX, Engineering, and Data Science to extend CareJourney's provider-performance scoring product with new subspecialty coverage, including general surgery.
- **Translated ML model outputs for risk adjustment and episode-of-care analysis into customer-facing product capabilities**, helping health-system customers optimize referral networks, benchmark costs, and support value-based care strategies across 250+ clinical episodes.
- **Identified \$2,000+ in referral-cost reduction opportunities per patient** through healthcare market and provider-network analysis using longitudinal Medicare and Medicaid claims covering 300M beneficiaries.
- **Built claims-based measure and attribution infrastructure supporting value-based care reporting**, translating CMS measure specifications into product-ready logic and developing patient-to-provider attribution in SQL for MSSP and ACO REACH reporting products.
- **Improved time-to-market by 15% and reduced support tickets by 60%** by identifying sprint blockers through Agile burnup tracking and implementing standardized QA processes that surfaced defects before production.

Acute Care Transition & Prior Authorization Specialist

Kern Medical | Safety-Net Hospital

January 2020 - September 2020

- **Improved hospital readmission performance from the 90th to the 75th percentile** by redesigning discharge workflows and introducing disease-management education, medication reconciliation, and a cross-functional post-discharge protocol.
- **Increased prior-authorization approvals by 65% with non-contracted payers and improved denial-reversal rates by 75%**, expanding patient access to care while supporting hospital financial performance.
- **Improved successful patient transitions by 20%** by analyzing clinical data to identify relationships between readmission risk and gaps in patient education, medication adherence, and follow-up appointment compliance.

EDUCATION & CERTIFICATION

M.S., Healthcare Administration - California State University, Bakersfield

B.S., Clinical Nutrition - American University of Beirut

Post-Graduate Certificate, Data Analytics - Purdue University | **Advanced Product Management Training** - Product Faculty

Certified Scrum Product Owner (CSPO)

CORE SKILLS

Healthcare & Interoperability: C-CDA | DSM | HL7 | FHIR | EHR Integration | HIE | IDP | Prior Authorization | RCM | Value-Based Care | Risk Adjustment

Product: 0-to-1 Development | Roadmap Ownership | Market & Competitive Analysis | MVP Scoping | PRDs | RICE Prioritization | VoC | Usability Testing | JTBD

Technical & Data: SQL | Python | Azure DevOps | Azure Application Insights | AWS | Snowflake | Healthcare Claims Data | Provider Performance Scoring

Leadership & GTM: Executive Communication | Cross-Functional Leadership | Vendor Evaluation | NDA/BAA Negotiation | GTM Strategy | Market Segmentation | Sales Enablement
